Part IV Energy Conservation/Efficiency, Chapter 11 06'-12' IRC

The Southwest Missouri Code Officials chapter of the International Code Council is pleased to offer this educational seminar. SMCO wishes to invite all interested parties to join us. Registration includes handouts. This affordable training is made possible with ICC support and participation sponsors.

Course Description:

“2006 to 2012 IRC Chapter 11”

This ½ day seminar will highlight major code changes from the 2006 to the 2012 International Residential.

- What Part IV Energy Conservation, Chapter 11 looks like in the real world.
- A little history on why energy efficiency is now in Code.
- A look at the near future, as Federal and State actions may make it mandatory, sooner than we think.
- A few key concepts that will make it easier to inspect and enforce.
- Why alternate building practices will become normal in residential construction.
- Cost effective solutions already in place.

Presenter:

Jim Baker, owner of B and G Drafting.
